
Product Specification

Product Name: Sabouraud Dextrose Broth (SDB)

Product Code: SG7242 / SG7243

PRODUCT DESCRIPTION:

Sabouraud Dextrose Broth (SDB) is used for the cultivation of yeast and molds. This product is available in both dehydrated and granulated form.

Use:

Stir to suspend 30.0 g of dehydrated/granulated medium in 1L distilled H₂O. Mix well with heat with frequent agitation. Boil for one minute. Autoclave for 15 minutes at 121°C to sterilize. Allow to cool (40 – 45°C) before making additions, such as antibiotics (if desired), before dispensing. For laboratory use only.

Components:

A mixture of equal parts animal tissue pepsin hydrolysate and tryptone – 10.0g/L
Glucose – 20.0g/L

Item

Description
